WELCOME

Welcome to our 2017 Annual Report.

At EWEI, we thrive on the fulfillment gained from watching our beneficiaries lives change for the better. It has now become even more important than ever to deliver empowerment interventions in the midst of very trying economic, political and security situations in Nigeria.

In 2017, the funding climate was very harsh and in response, we started to explore new ways to generate income to service our operating expenses while still delivering services to our beneficiaries and target communities.

We also continued to crowdfund to support some of our activities through the Educate, Equip, Empower Girls and Women in Nigeria Project on GlobalGiving.

We were also very excited for our second batch of ESP girls to finish secondary school and start to prepare for their internships with us.

This report highlights all this and more.

Last but not least, its imperative to say a big thank you to our partners, volunteers, staff and management for their resilience and all their contributions to the accomplishments of 2017.

Happy Reading!

Warmest Regards
EWEI Team
