EWEI PROGRAMMES IN 2019

CIVIC EDUCATION AND PARTICIPATION FOR WOMEN PROJECT (CEPWOP)

Supported by Inti Raymi Fund (IRF), our 2019/2020 CEPWOP activities began on 2 January with a 31 Day Social Media Campaign to enlighten people on the need for a credible election. Between January 2 to 1 February 2019, all our social media platforms were abuzz with daily good will messages on the need for not just a credible election but also going out to vote as this is part of the citizen's right.

On 30 January 2019, we had a sensitization on election monitoring for our CEPWOP delegates in Malali and Tum Communities respectively to aid in effective monitoring in the 2019 general elections in their communities.

The aim of the sensitization was to key into the international best practices regarding elections monitoring and observation using technology to ascertain the level of women representation and observe voting procedures in the 2019 general elections; part of CEPWOP 2019 activities. EWEI observed the polls in Tum and Malali communities of Kaduna State through our Civic Education and Participation for Women Project (CEPWOP).

EWEI, in partnership with Aid Foundation, IMC Nigeria Community Trust Health Foundation, Women Interfaith Council & Campaign for Democracy together convened the Kaduna Situation Room.

The goal of the situation room was to encourage citizens to vote, curb fake news, link security to trouble spots, refer INEC to areas of need and calm citizens to vote peacefully. Highlights included large women voter turnout and peaceful elections in most locations. We are very excited about this! No news of electoral violence and elections were peaceful in Kaduna.

President Muhammadu Buhari emerged as the winner of the 2019 presidential election, according to the results announced by the Independent National Electoral Commission (INEC). INEC also declared the Incumbent governor of Kaduna State, Nasir El-Rufai, as winner of the governorship polls.

Women Participation in the 2019 General Elections

Women's presidential candidature stood at eight per cent. At the National Assembly, women's candidature was only 12 per cent of the total seats available, given that a total of 763 women are vying for seats for the Senate and House of Representatives out of 6,563 places available. Simply put, at eight and 12 per cent candidature for the presidential and National Assembly elections, respectively, the prospects for gender parity in Nigeria remains a distant dream.

General findings from [Premium times ng](https://www.premiumtimesng.com) show that in the 2019 general elections, women constituted a powerful electorate with millions of votes. Nigerian women signaled their intention to make their voices heard in this election, accounting for about 47.14 per cent (39,598,645 million) of the 84,004.084 million registered voters nationwide.

Other CEPWOP activities to be held include: -

- Interest Group Activities in both Malali and Tum communities
- Reflection Seminars
- Endline Surveys in both Malali and Tum communities

To start off, [a one-day Empowerment Seminar on “Financial Literacy”](#) was conducted, facilitated by Chidinma Tite of Mabina Microfinance Bank Limited, a micro-finance institution in Kaduna State on 25 August 2018. The beneficiaries: Stella Emmanuel, Talatu Solomon, Rachael Olarewaju Onifade and Jemimah Musa, having gone through a rigorous selection process then received zero-interest loans on 17 October 2018 to set up or grow their own micro and small businesses. These set of activities were supported by Inti Raymi Fund.

EDUCATIONAL SUBSIDY PROGRAMME (ESP)

Prequel to quarter one empowerment seminar for the new ESP third batch beneficiaries; Between 25 and 26 January 2019, EWEI visited the homes and schools of the beneficiaries to collect stories and deliver letters to their respective schools and parents.

In March 2020, an induction seminar was held with the new ESP beneficiaries.

With the support of IntiRaymi Fund, On 29 June 2019, EWEI organized the Second ESP Empowerment Seminar for the third batch of beneficiaries.

Highlights of the seminar include: -

- Ice breaker sessions to help the beneficiaries get to know each other
- Talk on academic guidance by Jelilat Abidoeye, who spoke on the topics; 'Meaning of life chances,' "Understanding the meaning of opportunity" and "What a vision board is.' She also showed the beneficiaries how to make their individual vision boards which they then prepared themselves.

She further taught the beneficiaries the 3C's of life (Choice, Chance and Changes). Jelilat ended her session by telling the girls that they must make a choice to take a chance or their life will never change.

The third ESP Empowerment Seminar held on 22 October 2019, the day doubling as the event to mark the 2019 International Day of the Girl Child.

EWEI in partnership with the Kaduna State Ministry of Education, UNFPA, Africa Media Developing Foundation (Rise up), Khan Initiative (Mercy corp), ENGINEII and Hope Builders Foundation; organised an event with the theme "Girl Force: Unscripted and Unstoppable" at the General Hassan Usman Katsina, State House Kawo Kaduna.

Highlights of the event were:-

- Welcome address by the Kaduna State Commissioner of Education
- The Girl Declaration Act by all the girls present
- Good will messages from UNFPA, UNICEF, KHAN/Mercy Corps, AMDF/Rise up, EWEI, Hope Builders foundation, Traditional Rulers and Committee on Sexual Assault centers.
- Side attractions and presentations including story sharing, news broadcast, poetry and dance.

Our ESP beneficiaries were given the opportunity to learn alongside other girls on issues relating to the rights of the girl child.

They were also enlightened on the history of Nigeria by taking a 30 minutes tour through the gallery of past leaders.

On 16 November 2019, EWEI organised the fourth ESP Empowerment Seminar for the third batch of beneficiaries. The highlight of the seminar was a debate by beneficiaries on the topic "Men are better in science and Women are better in humanities."

GETTING INVOLVED (GI)

EWEI's Getting Involved has evolved to focus on the Sustainable Development Goals, raise awareness about the SDGs among youth and communities at large, equip beneficiaries on how to effectively share this information with others in their communities, and to determine their own roles within this framework.

On 30 July 2019, EWEI had a Getting Involved activity to mark the 2019 World Hepatitis Day at the Kaduna State Primary Health Care Development Agency (Ungwan Rimi Barau Dikko Teaching Hospital).

200 people were sensitized and enlightened about the dangers of Hepatitis. Free Hepatitis B counselling and screening was done for 108 persons (comprising of 79 women and 29 men).

For Empowering Women for Excellence Initiative, the World Hepatitis Day is significant because it raises awareness of a disease that kills 1.34 million people a year.

A disease that 290 million people live with unaware and a disease that can be eliminated by 2030.

KNOW AND SAY NO (KSN)

Our Know and Say No (KSN) programme raises awareness on gender-based violence and strengthens institutional capabilities to address the pandemic of gender-based violence.

November 25 marks the International Day for the Elimination of Violence Against Women, a day designated to highlight the issue of violence against women and girls and to call for more action to combat it. Over time, the day has evolved into a global, widespread initiative that now incorporates 16 Days of Activism and the UNITE campaigns.

The 2019 theme for the International Day for the Elimination of Violence Against Women was 'Orange the World: Generation Equality Stands Against Rape.'

EWEI’s call to action asks all to take concrete steps to question, call out, and speak up against acts of gender-based violence (GBV).

Violence against women continues to be an obstacle to achieving equality, development, peace as well as to the fulfillment of women and girls’ human rights.

EWEI kick started the 2019 16 Days of activism with changing all our social media profile and cover photos to Orange.

To further engage as many people as possible around the world to take part in the 16 Days of Activism; We joined the campaign organised by our partner organisation, Generations For Peace to mark the day through massive social media campaigns.

On 25 November 2019, EWEI joined other CSOs in Kaduna State Metropolis for the #StandStillRally on the Domestication of the Violence Against Persons Prohibition (VAPP) law in other states of Nigeria.

In addition, on 29 November 2019, EWEI participated in a tweet meet with the topic “Rape: Causes: Effect : Mitigation”

The 16 Days of Activism runs from 25 November to 10 December each year.

OUR SAFE SPACES (OSS)

From December 2019 to November 2022, EWEI, with a grant from the UN Trust Fund to End Violence against Women (UN Trust Fund), launched “Our Safe Spaces” a project to support women and girl survivors of gender-based violence, physical, economic violence and sexual exploitation in Kaduna state, Nigeria.

Our Safe Spaces will promote beneficiaries’ access to psychosocial support systems and economic empowerment opportunities to facilitate normalisation of their lives and will benefit over 450 beneficiaries across two communities in Kaduna.

2019 OBSERVANCE DAYS ACTIVITIES

INTERNATIONAL DAY OF EDUCATION

Education is a human right, a public good and a public responsibility. The United Nations General Assembly proclaimed 24 January as International Day of Education in celebration of the role of education for peace and development.

Without inclusive and equitable quality education and lifelong opportunities for all, countries will not succeed in achieving gender equality and breaking the cycle of poverty that is leaving millions of children, youth and adults behind.

At EWEI, we strongly believe that education is a human right with immense power to transform and on its foundation rest the cornerstone of freedom, democracy and sustainable human development.

We marked the day through enlightenment posts on all our social media handles.

WORLD CANCER DAY

Each year 4 February, is World Cancer Day. The day empowers all of us across the world to show support, raise our collective voices, take personal action and press our governments to do more.

World Cancer Day is a day on the global health calendar where we can all unite and rally under one umbrella in a positive and inspiring way.

The theme for the 2019 World Cancer Day was “I can, we can” and acknowledges that everyone has the capacity to address the cancer burden.

At EWEI we believe that we all can work together to reduce cancer risk factors. We can overcome barriers to early diagnosis, treatment and palliative care. We marked the day online by posting enlightenment facts on our social media handles.

Key Cancer Facts

- 9.6 million people die from cancer every year.
- At least one third of common cancers are preventable.
- Up to 3.7 million lives could be saved each year by implementing resource appropriate strategies for prevention, early detection and treatment.

The total annual economic cost of cancer is estimated at US\$1.16 trillion.

- Cancer is the second-leading cause of death worldwide.
- 70% of cancer deaths occur in low-to-middle income countries.

INTERNATIONAL DAY OF ZERO TOLERANCE TO FEMALE GENITAL MUTILATION

On 20 December 2012, the UN General Assembly adopted Resolution [A/RES/67/146](#) in which it “calls upon States, the United Nations system, civil society and all stakeholders to continue to observe 6 February as the International Day of Zero Tolerance for Female Genital Mutilation and to use the day to enhance awareness-raising campaigns and to take concrete actions against female genital mutilations”.

Female Genital Mutilation is recognised internationally as a violation of the human rights of girls and women. It reflects deep-rooted inequality between the sexes and constitutes an extreme form of discrimination against women.

EWEI made a call on the world to put an end to FGM, since it is a violation of the human rights of women and girls. Through social media posts we spread the word on the dangers of FGM.

INTERNATIONAL DAY OF WOMEN AND GIRLS IN SCIENCE

In order to achieve full and equal access to and participation in science for women and girls, and further achieve gender equality and the empowerment of women and girls, the United Nations General Assembly adopted resolution A/RES/70/212 declaring 11 February as the International Day of Women and Girls in Science.

To mark the day, EWEL made a call on every science inclined sector of the world to change the current narrative and ensure full and equal access to and participation in science for women and girls.

This was done by posting enlightenment posts on all our social media platforms.

We strongly believe that ending discrimination and changing laws is the responsibility of us all. Everyone can play a part in ending discrimination and can try to make a difference, in ways both big and small.

ZERO DISCRIMINATION DAY

1 March each year is Zero Discrimination Day. According to UNAIDS “No one should ever be discriminated against because of their age, sex, gender identity, sexual orientation, disability, race, ethnicity, language, health (including HIV) status, geographical location, economic status or migrant status, or for any other reason. Unfortunately, however, discrimination continues to undermine efforts to achieve a more just and equitable world. Many people face discrimination every day based on who they are or what they do.”

At EWEL we strongly believe that ending discrimination and changing laws is the responsibility of us all. Everyone can play a part in ending discrimination and can try to make a difference, in ways both big and small. The Zero Discrimination Day 2019 campaign challenged people to act against laws that discriminate in their country. We marked the 2019 Zero Discrimination Day, through enlightenment posts on all our social media handles.

INTERNATIONAL WOMEN'S DAY

The first International Women's Day (IWD) was marked in 1911, supported by over one million people. Today, IWD is celebrated by all groups collectively everywhere. The theme for the 2019 International Women's Day (8 March) was, "**Think Equal, Build Smart, Innovate for Change**".

To mark the day, EWEI shared three stories of women who have shown great level of innovation in their different fields of specialisation on all our social media platforms. These women are Dr. Wendy Okolo , Mrs. Rachael Obi Yari and Jemima Kantiock .We celebrated the day with different posts on all our social media handles and featured our IWD event on the International Women's Day website.

To further mark the day we organised a Facebook Chat with questions ranging from innovation, equality and opportunities for women and girls. A winner emerged in the person of Mavis Chinda and she was presented a gift from EWEI.

We strongly believe that, women and girls, should be celebrated not just every 8 of March each year but always.

On that note, on 20 March we held a parliament at LEA Primary School, Ghana Road, Malali Kaduna. Legal Awareness for Nigerian Women (LANW), and Women who reside in Malali community were participants at the event. There were 21 women in attendance.

The participants were sensitised on the 2019 theme for International Women's Day #BalanceforBetter – Think Equal – Build Smart – Innovate for Change. Rhoda Giwa (CEPWOP Malali Delegate), Sunbo Shobayo and Femi Johnson from Legal Awareness for Nigerian Women (LANW) served as panelists at the event.

Highlights:

- Women were sensitised on the need to promote gender equality thereby challenging cultures and practices that have continued to limit women.
- Women were encouraged to unite and collaborate to air their views at all levels thereby getting involved in the civic space.
- Women were also encouraged to take up leadership positions and also lobby elected representatives to ensure their needs are met.

WORLD HEALTH DAY

World Health Day is a day observed annually on April 7 to draw the attention of the world to the health global human populations and the diseases that may impact these populations.

The theme for the 2019 World health day was 'Universal Health Coverage: Everyone, Everywhere'.

EWEI believes universal health is not just about ensuring everyone is covered, but that everyone has access to care when they need it, wherever they are. We marked the day through enlightenment posts on all our social media handles.

WORLD MALARIA DAY

World Malaria Day is an international observance marked every year on 25 April and recognises global efforts to control malaria. 3.3 billion people in 106 countries are at risk of malaria. In 2012, malaria caused an estimated 627,000 deaths, mostly among African children. Asia, Latin America, and to a lesser extent the Middle East and parts of Europe are also affected.

World Malaria Day offers people all over the world the opportunity to step up the fight against malaria at a time when global malaria cases are on the rise and funding has flatlined. We cannot accept this as status quo, rather each one of us must commit to ensuring universal access to life-saving interventions for the hundreds of millions of people around the world still at risk of malaria.

The day was marked with sensitisation posts on all our social media handles.

INTERNATIONAL DAY TO END OBSTETRIC FISTULA

May 23 each year is the International Day to End Obstetric Fistula. The day promotes actions towards treating and preventing obstetric fistula. EWEI marked the 2019 event with awareness posts on all our social media platforms. We also had a chat on our online mentor chat platform "EWEI Online" where matters regarding Obstetric fistula was discussed.

INTERNATIONAL CHILDREN'S DAY

May 27 is traditionally the Children's Holiday in Nigeria. First established by the United Nations in 1964, the day remains important in the lives of many Nigerian children.

Articles 12 and 14 of the UN Convention on the Rights of the Child say that children have the right to form their own views and to express their views freely through the media on matters affecting them.

"The 2019 theme was 'End Malnutrition: Protect the future of the Nigerian child'. The theme highlighted the principles of the Convention on the Rights of the Child that all children irrespective of their status and situation should enjoy their rights to Survival and Development as enshrined in the Convention on the Rights of the Child (CRC) and the Child Rights Act (CRA) 2003.

An estimated 2.5 million children in Nigeria suffer from Severe Acute Malnutrition (SAM), but only two out of every 10 children affected are currently reached with treatment.

EWEI marked the 2019 Children's Day celebration with a visit to Adonai Orphanage Home and Widows Centre Barnawa Kaduna. Highlights of the event were:

- Fun games
- Pep talk (encouraging the children to follow their dreams)
- Presentation of some items from EWEI donated to the orphanage

INTERNATIONAL DAY OF INNOCENT CHILDREN VICTIMS OF AGGRESSION

International Day of Innocent Children Victims of Aggression is observed on June 4 each year. The day celebrates the millions of individuals and organisations working to protect and preserve the rights of children.

EWEI believes that the day, is a time for individuals and organisations all over the world to become aware of the impact of monstrosity of abuse, in all its forms, against children. It is also a time when organizations and individuals learn from or take part in awareness campaigns centered on protecting children's rights.

We marked the day through posts on all our social media handles.

WORLD DAY AGAINST CHILD LABOUR

Every year on June 12 the World Day Against Child Labour is observed to raise awareness of the plight of child labourers world-wide. The International Labour Organization (ILO) launched the World Day against Child Labour in 2002 to focus attention on the global extent of child labour and the actions and efforts needed to eliminate it.

The 2019 theme was “Children shouldn’t work in fields, but on dreams”.

Yet according to the United Nations, 152 million children are still in child labour. Although child labour occurs in almost every sector, seven out of every ten is in agriculture.

The UN Sustainable Development Goal Target 8.7 set by the international community calls for an end to child labour in all its forms by 2025 and we marked the day through posts on all our social media platforms.

Let’s examine some facts from the International Labour Organisation

- Worldwide 218 million children between 5 and 17 years are in employment.
- Among them, 152 million are victims of child labour; almost half of them, 73 million, work in hazardous environment.
- In absolute terms, almost half of child labour (72.1 million) is to be found in Africa; 62.1 million in the Asia and the Pacific; 10.7 million in the Americas; 1.2 million in the Arab States and 5.5 million in Europe and Central Asia.
- In terms of prevalence, 1 in 5 children in Africa (19.6%) are in child labour, whilst prevalence in other regions is between 3% and 7%: 2.9% in the Arab States (1 in 35 children); 4.1% in Europe and Central Asia (1 in 25 children); 5.3% in the Americas (1 in 19 children) and 7.4% in Asia and the Pacific region (1 in 14 children).
- Almost half of all 152 million children victims of child labour are aged 5-11 years.
- 42 million (28%) are 12-14 years old; and 37 million (24%) are 15-17 years old.
- Among 152 million children in child labour, 88 million are boys and 64 million are girls.
- 58% of all children in child labour and 62% of all children in hazardous work are boys. Boys appear to face a greater risk of child labour than girls do, but this may also be a reflection of an under-reporting of girls’ work, particularly in domestic child labour.
- Child labour is concentrated primarily in agriculture (71%), which includes fishing, forestry, livestock herding and aquaculture, and comprises both subsistence and commercial farming; 17% in services; and 12% in the industrial sector, including mining.

INTERNATIONAL DAY FOR THE ELIMINATION OF SEXUAL VIOLENCE IN CONFLICT

In 2015 the United Nations adopted 19 June as the International Day for the Elimination of Sexual Violence in Conflict. The day aims to “raise awareness of the need to put an end to conflict-related sexual violence, to honour the victims and survivors of sexual violence around the world and to pay tribute to all those who have courageously devoted their lives to and lost their lives in standing up for the eradication of these crimes.”

EWEI condemns all forms of sexual violence as a tactic of war and an impediment to peacebuilding.

The day was marked through posts on all our social media platforms. In collaboration with Generations For Peace Nigeria; both organisations lent their voices to make a call on International Day for the Elimination of Sexual Violence in Conflict. Watch the video here.

INTERNATIONAL WIDOWS' DAY

The United Nations observes 23 June as International Widows Day, to draw attention to the voices and experiences of widows and to galvanise the unique support that they need. The loss of a partner is devastating. For many women around the world, that loss is magnified by a long-term struggle for basic needs, their human rights and dignity.

There are an estimated 258 million widows around the world, and nearly one in ten live in extreme poverty. As women, they have specific needs, but their voices and experiences are often absent from policies that impact their survival.

EWEI believes that the ultimate goal of International Widows Day is to develop resources and policies to empower widows and allow them to have access to education, work, healthcare and lives free of violence and abuse.

We marked the day through posts on all our social media platforms.

INTERNATIONAL DAY AGAINST DRUG ABUSE AND ILLICIT TRAFFICKING

On 26 June every year, the United Nations Office on Drugs and Crime (UNDOC), marks the International Day Against Drug Abuse and Illicit Trafficking to highlight the dangers of drug use and illegal trade of drugs. It also provides educational materials to help spread the message about the extreme cultural and economic harm the trade in drugs is doing across the globe.

The 2019 theme was "Health for Justice. Justice for Health". The theme highlights that justice and health are two sides of the same coin when it comes to addressing drug problems.

and Illicit Trafficking

In collaboration with other CSOs, on 21 June EWEI participated in a conversation on Twitter. We extensively discussed the topic "Understanding the Rule of Law." . It was an engaging online session as much was discussed and learnt.

On 25 June, EWEI alongside Open4Leadership, DaDude, Yali Kaduna, News Embassy, Great Minds Empire, and SSDP Nigeria came together to form a coalition whose aim is to carry out rigorous sensitisation to counter the menace of drug abuse.

On 26 June, we converged at Space 2000, Barnawa Kaduna for the grand finale to mark the end of the three day programme; In attendance were different CSOs, youths and stakeholders.

MICRO, SMALL AND MEDIUM-SIZED ENTERPRISES DAY.

Since 2017, June 27 each year is the Micro, Small and Medium-sized Enterprises Day(MSME)

These businesses celebrate their day in recognition of their work in local and global economies. These enterprises, which generally employ fewer than 250 persons, are the backbone of most economies worldwide and play a key role in developing countries.

On MSME Day 2019 EWEI acknowledged that women are the largest untapped reservoir of talent in the world. Women should be given equal chances as men in economic development because there is no tool for development more effective than the empowerment of women.

The day was marked through post on all our social media platforms. We shared quotes from our Economic Empowerment Partnerships (EEP) beneficiaries to show the world know what EWEI is doing to support women in Small and Medium Enterprises.

WORLD YOUTH SKILLS DAY

In December 2014, the United Nations General Assembly adopted a resolution declaring 15 July as World Youth Skills Day. The goal is to achieve better socio-economic conditions for today's youth as a means of addressing the challenges of unemployment and under employment.

EWEI marked the Day with posts on our social media platforms. To further mark the World Youth Skills Day 2019; EWEI was featured on the programme 'City Talk' on Freedom Radio 92.9FM .

WORLD HEPATITIS DAY

Hepatitis means inflammation of the liver and is usually caused by a virus.

World Hepatitis Day is recognised annually on July 28, the birthday of Dr. Baruch Blumberg (1925-2011). Dr. Blumberg discovered the hepatitis B virus in 1967 and two years later developed the first hepatitis B vaccine and for these achievements, won the Nobel Prize. We marked the day with posts on all our social media platforms.

On 30 July, we held a Getting Involved activity to mark the 2019 World Hepatitis Day at the Kaduna State Primary Health Care Development Agency (Ungwan Rimi Barau Dikko Teaching Hospital).

200 people were sensitized and enlightened about the dangers of Hepatitis. Free Hepatitis B counseling and screening was done for 108 persons (comprising of 79 women and 29 men).

INTERNATIONAL YOUTH DAY

International Youth Day is celebrated on August 12 each year to recognise efforts of the world's youth in enhancing global society. It also aims to promote ways to engage them in becoming more actively involved in making positive contributions to their communities.

WORLD BREASTFEEDING WEEK

World Breastfeeding Week (WBW) is an annual global celebration held to spread awareness around health benefits of breastfeeding infants. Every year this week is celebrated between 1 and 7 August to encourage breastfeeding around the world. The 2019 World Breastfeeding Week slogan was “Empower Parents, Enable Breastfeeding.” The theme was chosen to be inclusive of all types of parents in today’s world. Focusing on supporting both parents to be empowered is vital in order to realise their breastfeeding goals. We joined the rest of the world to mark the global celebration by spreading awareness post on health benefits of breastfeeding throughout the one week campaign on all our social media platforms.

INTERNATIONAL LITERACY DAY

International Literacy Day was observed on 8 September and is an opportunity for Government, civil society and stakeholders to highlight improvements in world literacy rates and reflect on the world’s literacy challenges.

INTERNATIONAL DAY OF NON-VIOLENCE

The International Day of Non-Violence is marked on 2 October, the birthday of Mahatma Gandhi, leader of the Indian independence movement and pioneer of the philosophy and strategy of non-violence.

We marked the day on our social media platforms.

WORLD HABITAT DAY

The United Nations designated the first Monday of October of every year as World Habitat Day to reflect on the state of our towns and cities, and on the basic right of all, to adequate shelter. The day is also intended to remind the world that we all have the power and the responsibility to shape the future of our cities and towns.

The 2019 theme for the World Habitat Day was “Frontier Technologies as an innovative tool to transform waste to wealth.”

Frontier technologies, such as automation, robotics, electric vehicles, renewable energy technologies, biotechnologies, and artificial intelligence can transform the social, economic and environmental spheres. They can offer better, cheaper, faster, scalable and easy to use solutions for every-day problems, including waste management.

Our call to Action on World Habitat Day

Kaduna is the third most populous state in Nigeria with a population of over 7 million people according to the 2006 census. Despite efforts by the Kaduna State government towards ensuring a friendly environment free of refuse and waste products, indiscriminate dumping of refuse has continued.

To mark the 2019 World Habitat day, we put out a call to all environment enthusiasts residing in Kaduna State to become an #EWEIKDW2W citizen mobiliser. Watch the video here.

After submitting entries and reviews, we now have two EWEI KDW2W citizen mobilisers, one is a resident of Ungwan Dosa in Kaduna North LGA and the other is a resident of Kabala Costain also in Kaduna North LGA.

We present our very first EWEI W2W citizen mobiliser. She is Aisha Abdullahi, a resident of Ungwan Dosa in Kaduna North LGA of Kaduna State.

As an environmental enthusiast who is concerned about the incessant dumping of refuse in her community; She came up with the project “Transforming waste into an eco-friendly environment”.

WORLD DIABETES DAY

The United Nations proclaimed 14 November as the World Diabetes Day at the General Assembly in 2006. The day is led by International Diabetes Federation and aims to educate the public about the condition and how to prevent it. Every year, the World Diabetes Day campaign focuses on a dedicated theme that runs for one or more years. The theme for World Diabetes Day 2019 was **Family and Diabetes**.

On World Diabetes Day, EWEI believes a lack of knowledge about diabetes means that spotting the warning signs is not just a problem for parents alone, but the entire family, as diabetes concerns all. Knowing what to do is vital.

Over time, the day has evolved into a global, widespread initiative that now incorporates 16 Days of Activism and the UNITE campaigns.

The 2019 theme for the International Day for the Elimination of Violence Against Women was “Orange the World: Generation Equality Stands Against Rape.”

EWEI’s call to action asks all to take concrete steps to question, call out, and speak up against acts of gender-based violence (GBV). We kick-started the 2019 16Days of activism with changing all our social media profile and cover photos to orange.

To further engage as many people as possible around the world to take part in the 16 Days of Activism; We joined the campaign organised by our Partner Organisation, Generations For Peace to mark the day through massive social media campaigns.

HUMAN RIGHTS DAY

Human Rights Day is observed every year on 10 December — the day the United Nations General Assembly adopted, in 1948, the Universal Declaration of Human Rights (UDHR): a milestone document proclaiming the inalienable rights which everyone is inherently entitled to as a human being regardless of race, colour, religion, sex, language, political or another opinion, national or social origin, property, birth or another status.

2019 VOLUNTEER INDUCTION

As a nonprofit organisation, we believe that volunteers are the backbone of our work. Volunteers help with fundraising, administrative tasks and operations, and they help spread the word about the mission of the organisation.

Volunteers tend to perform such duties out of the commitment they have for the goals set forth by the organisation. That is why at EWEI, we rely on our volunteers to get the word out about us to the world.

On 18 April , we had our first volunteer induction for 2019, with 15 potential volunteers (comprising of 11 females and 4 males) in attendance. Highlights of the event included ice breakers, introduction of the organisation mission, vision and objectives, presentations from all departments to acquaint volunteers with their working functions and self-study of organisational policies by the volunteers.

2019 VOLUNTEERS' CAPACITY BUILDING

On 15 November 2019, we organised an intensive and participatory capacity building session for our volunteers. One of the perks of volunteering with us 😊. Come volunteer with us to exercise your social entrepreneurship muscle!

2019 ANNUAL STAFF RETREAT

Every non-profit organisation can benefit from an opportunity to come together and bond as a team.

Co-workers need to refocus on their priorities and goals, and distance themselves from the realities and challenges of their day-to-day working life. A team retreat is an excellent, team-building tool. Interacting in a new environment leaves the team refreshed and ready to hit the ground running when they return to work.

On 16 June 2019 , EWEI and her close partner and also sister organisation Generations For Peace Nigeria; held an all-day work retreat to reflect on ways forward. We had series of capacity building and reflection sessions.

LEADERSHIP CAPACITY BUILDING

As impact making organisations, both EWEI and Generations For Peace Nigeria believe in shared leadership and that everyone has the potential to be a leader with the right encouragement and support. That's why both organisations focus on ensuring that its staff have the support, skills and resources to effectively direct, represent and own their organisations.

In 2019, EWEI conducted a six month leadership capacity building for staff of EWEI and Generations For Peace Nigeria. Different in-depth topics on leadership were touched. Special thanks to the management of both organisations and our capacity building coach Enoch Nalado.

CHALLENGES

Like many other nonprofits, EWEI is not without challenges. Some of the major challenges we faced in 2019 as an organisation are;

- Limited funding
- Limited engagement with state actors
- New staff settling into roles.

We tackled these challenges by:

- Continually sourcing for funds through grant writing, crowdfunding and income generation activities.
- Learning more about state actors' priorities and where opportunities for collaboration and support could lie to feed into our annual planning for 2019 and strategic plans. We also engaged state actors in some of our 2019 activities.
- Onboarding, capacity building and intensive mentoring to support new staff's transition into their roles.

THANK YOU

Thank You to all our Partners and Donors.

Your continued support has led us to achieve huge success over the last 11 years.
